INGREDIENT HIGHLIGHTS

SOY PROTEIN

Derived from non-GMO soybeans, this heart-healthy plant protein provides all nine essential amino acids (making it a complete protein) and is a good source of omega-3 fatty acids and isoflavones.

FRUCTOOLIGOSACCHARIDES (FOS)

Similar to inulin, this soluble-fiber prebiotic supports the growth of beneficial bacteria in the gut to aid digestion and support the immune system.

COIX LACRYMA-JOBI SEED

Derived from the coix plant, which is commonly called Job's tears, coix seed is a good source of fiber, antioxidants, vitamins, minerals, and essential amino acids.

LYCIUM FRUIT

This fruit is an excellent source of body-cleansing antioxidants, vitamins A, C, and E, and more than 30 essential and trace minerals.

LOTUS ROOT

A good source of dietary fiber, this plant slows the digestion of carbohydrates so you feel fuller longer. It also provides a unique mix of vitamins, minerals, and phytonutrients.

FAQs

- Q: What makes SunBar® better than typical “energy bars”?**
A: Unlike typical energy bars that are full of sugar, sodium, protein isolates or whey protein (which can be hard on digestion), trans fat, preservatives, and artificial ingredients, SunBar® is made from whole-food ingredients and herbs the body can easily absorb. SunBar® delivers solid nutritional value without empty calories and questionable ingredients.
- Q: I've heard that carbohydrates are bad to eat. Why are the carbs in SunBar® a good thing?**
A: SunBar® contains a high percentage of complex carbohydrates, which burn more slowly in the body than simple carbohydrates. SunBar® provides your body with an even level of long-lasting energy without spikes or crashes.

HOW TO USE

Eat as desired. For best results drink plenty of Sunrider® beverages such as Fortune Delight® or Calli®.
