- Leaves no white residue
- Safe for children
- Made with herbal extracts

## Product Fact Sheet

# Oi-Lin® Sunmilk Sunscreen SPF 30

## STAY SUN SMART

Oi-Lin® Sunmilk Sunscreen SPF 30 is a creamy sunscreen you'll love to apply and reapply. The super sheer formula spreads easily and melts into skin instantly and provides protection that gently yet effectively shields skin from damaging, burning rays, while retaining its efficacy for up to 40 minutes activity in the water. The pH-balanced, sheer, lightweight formula is perfect for normal to oily skin types, but gentle enough for sensitive skin.

## PHILOSOPHY OF REGENERATION®

Guided by its Philosophy of Regeneration®, Sunrider creates sunscreens that not only provide protection from the sun, but also deliver moisturizing, beautifying, and reparative benefits with their botanically derived, antioxidant-rich formulas. Harmonizing with the skin's natural pH-balance, Sunrider® sunscreens are free of PABA (which can cause allergic reactions) and benzophenones (which can cause contact dermatitis). Sunmilk is considered a physical sunscreen because it blocks and reflects UV rays. Made from minerals, this is different from chemical-based sunscreens, which absorb the UV rays.

## INGREDIENT HIGHLIGHTS

### SQUALANE

A prized ingredient derived from olive oil, squalane has powerful antioxidant properties and delivers a moisturizing effect that helps restore lost oils. Non-irritating, it works wonders on all skin types.

### ALOE VERA

This succulent plant has been touted by many as their go-to moisturizer. It's also known for its soothing properties.

### HYALURONIC ACID

A substance naturally found in the body, hyaluronic acid brings water to the surface of skin to keep it looking fresh and supple. It also helps skin repair and regenerate itself after suffering from dryness, environmental stresses, or irritation.

## FAQS

**Q:** Is Oi-Lin® Sunmilk Sunscreen SPF 30 safe to use on my face?

**A:** Yes, Oi-Lin® products are formulated from the purest, most botanical-based ingredients the earth has to offer and are formulated with unmatched owner expertise. Plus, men love to wear this on their faces because it makes them feel like they're wearing nothing at all.

**Q:** Will it leave white streaks or feel heavy and greasy?

**A:** No. Our advanced formula blends seamlessly into all skin tones, while providing continuous sun protection. It's ingeniously designed to spread evenly and absorb into skin immediately, leaving no residue, stickiness, or heaviness.

## RECOMMENDATION

As part of your daily sun care routine, apply evenly and liberally to all exposed areas of the body 20 minutes before sun exposure. Reapply every two hours and after prolonged physical activity or swimming.
