

# TOP® FOCUS

Our new brain-boosting formula helps support focus, memory, and mental speed. Fortified with powerful Ginkgo biloba and Chinese club moss, this nourishing complex of herbal extracts, minerals, amino acids, and vitamins supports cognitive function while fueling multiple neural pathways. Ideal for work, university, sports, and anytime you need to perform at your best.

## BENEFITS

- Supports focus, mental clarity, and memory
- Promotes confidence and calm alertness
- Fast-acting—feel sharper in 15 minutes
- Natural ingredients, with no added stimulants
- Crash-free, jitter-free, non-habit forming

## INGREDIENT HIGHLIGHTS

### CHINESE CLUB MOSS

A traditional Chinese herb that contains huperzine A, a naturally occurring alkaloid that may benefit cognitive function.

### GINGKO BILOBA

This plant contains high levels of flavonoids and terpenoids, compounds known for their strong antioxidant effects, which may include neuroprotective benefits.

### NATURAL CHOLINE

This natural choline compound, L-Alpha Glycerolphosphorylcholine, increases the release of the neurotransmitter acetylcholine, which has been shown to support learning, focus, and memory.

### VITAMIN B9 (FOLATE) & VITAMIN B12

Folate is believed to slow age-related cognitive and memory decline while vitamin B12 helps in the production of neurotransmitters, which relay messages in the nervous system and brain.

## FAQs

**Q: How is Top® Focus different from other “mental performance” products?**

**A:** Many of these products contain stimulants, or they contain just a few key ingredients that only work on one neural pathway. Top® Focus is different because we synergise herbal extracts such as Ginkgo biloba, Chinese club moss, and green tea, plus minerals, amino acids, lipids, and vitamins known to support brain health and function.

**A: How long do the benefits last, and will it negatively affect my mood or sleep?**

**Q:** Top® Focus starts working in 15 minutes and lasts for about 4 hours. Made with select natural ingredients and free of sugars and added stimulants, it won't make you feel agitated, cause an energy crash, or interfere with sleep.
