

Product Fact Sheet

Kandesn® Dual Pressed Powder

CUSTOMIZABLE COVERAGE

Equally effective as a liquid foundation and as a translucent powder, this powder performs double duty: When applied wet, it provides a matte finish; when applied dry, it supplies a sheer finishing touch. Either way, it provides excellent coverage for a clean, natural look. Housed in an attractive case with separate compartments for powder and sponge, Kandesn® Dual Pressed Powder is made with the highest quality ingredients like vegetable oils and naturally derived antioxidant vitamins A and E to protect from harsh environmental elements. It lets your skin breathe and gives it a smooth, supple look.

PHILOSOPHY OF REGENERATION®

Our balanced approach combines cutting-edge science with the wisdom of our Philosophy of Regeneration®, which advocates nourishing, cleansing, and balancing the skin with the finest plant-based ingredients to promote skin health and natural beauty. To ensure your pores won't be blocked or suffocated, we never use mineral oil (or other petroleum by-products) or animal by-products like lanolin.

INGREDIENT HIGHLIGHTS

TOCOPHERYL ACETATE

A very stable form of vitamin E, this antioxidant can reduce the signs of aging.

VITAMIN A PALMITATE

This fat-soluble vitamin provides anti-aging, antioxidant, and moisturizing support for the skin and helps reduce the appearance of wrinkles and fine lines.

ZEA MAYS (CORN) OIL

Corn oil contains a high concentration of vitamin E (beneficial for the skin) and essential fatty acids.

FAQS

Q: I have limited time in the morning. Can I use Kandesn® Dual Pressed Powder on its own without foundation...will it give me adequate coverage?

A: Yes this powder may be used wet for a complete coverage or you can apply two applications of dry powder for an all-day coverage too!

Q: I have very dry skin and most powders make my skin look older and more lined. Will this powder be any different?

A: This powder will help your skin look hydrated if you use the Kandesn® Protective Foundation first. Then apply the powder on top for a complexion that looks beautiful and hydrated all day.

RECOMMENDATION

Apply with a damp sponge for heavier coverage and touch-ups. Apply with a dry sponge for a sheerer look.

BENEFITS

- Reduces the appearance of fine lines and imperfections
- Can be applied wet or dry for adjustable coverage
- Long-lasting wear that feels like your second skin
- Made with plant-based ingredients to allow skin to breathe
- Suitable for all skin types
