ALLERGEN INFORMATION

Jimmy John's serves food made with excellent ingredients, and we are committed to providing you with the most up-to-date allergen and nutrition information from our suppliers. Please note that because individual foods may come into contact with each other during preparation of your sandwich, and because of shared utensils and equipment, we cannot guarantee that our food is free from any allergens. If you have any special requests or concerns related to allergies or other dietary restrictions, please inform your cashier when placing your order.

This guide is updated periodically; we suggest you check back each time you order with us. Still have questions? Contact our Customer Service team here.

Nutrition information is based on standard product formulations. Variations may occur due to differences in suppliers, ingredient substitutions, recipe revisions, product assembly at the restaurant level, and/or season of the year. Certain menu items may not be available at all locations. Temporary products are not included. Nutrition calculations follow federal regulations regarding the rounding of nutritional data. This information is effective as of April 2025. For the most comprehensive and up-to-date information, or to calculate nutrition facts for your favorite menu items, visit www.jimmyjohns.com or call 1-866-276-6302. Jimmy John's Franchisee, LLC, its franchisees and employees do not assume responsibility for a particular allergy, intolerance or sensitivity to any food provided in our restaurants. Federal regulations have identified 9 major food allergens: milk, eggs, wheat, soybeans, peanuts, tree nuts, sesame, fish, and crustacean shellfish. For your convenience, menu items and ingredients that contain these major allergens have been indicated. Allergen information is determined based on standard product formulations. These product formulations may vary. Federal regulation has exempted from allergen declaration any highly refined oil derived from the major food allergens; therefore, soy oil as an ingredient is not indicated as an allergen. Please consult your doctor to know if you should avoid products that contain highly refined soy oil. We encourage anyone with food allergies, sensitivities, or special dietary needs to check our website at www.jimmyjohns.com on a regular basis to obtain the most comprehensive and up-to-date information.
