

We only Integrate via Segment

Segment is our customer data infrastructure

We use their single API to route our data to any of the 300+ tools they integrate with. For companies like you, this means we can send you our data directly from Segment's dashboard without any additional implementation or engineering work.

Why Integrate with Segment?

GROW FASTER

Get access to tens of thousands of other Segment customers like us.

19,000 Potential customers
40,000 Impressions per month
9,000 Enablements per month

ACTIVATE MORE

You have Segment customers like us coming through your setup funnel all the time, help us integrate in a few seconds rather than days, weeks or months.

30 Sec Activation process
+ 10-50% Of your users accelerated

RETAIN BETTER

Segment partners have found that joint customers are 40% more likely to be retained.

Clean Data
+ 40% Higher retention

How to Integrate with Segment
