

REVOLUTIONARY **OPENING AID**

BY SEALPAC®

EasyPeelPoint

FOR SEALED TRAYS

Only genuine with this mark

EasyPeelPoint leaves an impression

With EasyPeelPoint SEALPAC has moved the peel corner within the contours of the tray. This innovative system with its built-in opening point ensures that sealed trays can be opened even easier. Just press, and the corner of the top film releases from the sealing edge of the tray.

EasyPeelPoint is suitable for the entire range of food products packed in sealed trays, such as fresh meats and ready-meals.

Benefits:

- Effortless opening of sealed trays
- Easy-to-grip peel corner
- Integrated security against tray rotation
- Feasible on all common SEALPAC traysealers and toolings

SEALPAC®

Forming Innovations

INNOVATIVE OPENING POINT **CREATES HIGHLIGHTS:**

EasyPeelPoint

FOR SEALED TRAYS

EasyPeelPoint is the new easy-opening method by SEALPAC, which ensures effortless opening of sealed trays. This innovative system intelligently moves the peel corner within the contours of the tray.

And this is how it works

The top film is pressed into a round cavity and is thus released from the sealing edge. With the emerging, easy-to-grip peel corner, the top film can be removed from the tray with minimum force. Trays used are equipped with two opening points, positioned diagonally opposite each other, making it irrelevant in which way the trays are placed on the in-feed conveyor. This increases the efficiency of the packaging process and prevents costly errors due to rotation of the trays.

Easy and efficient

EasyPeelPoint can be applied on common toolings for all standard packaging formats on SEALPAC's traysealers. The system does not intervene with the existing logistical chain and avoids costly changes to existing tooling formats.

Advantages at a glance:

- Simplified opening of sealed trays
- Self-explanatory system with natural feel
- Security against rotation of the trays
- Easy-to-grip peel corner for effortless removal of top film
- Standard tray sizes remain untouched
- High-performance packaging process
- Available on all common SEALPAC traysealers and toolings

SEALPAC – your package to success.

As a high-precision manufacturer, we support our customers in reaching their targets. We work together to create cost-effective and guaranteed high-quality solutions. Our flexible and dedicated approach will guide you in exploring individual alternatives to help shape your future.
