

Packaging of bulk goods

- Horizontal Single-Clip Machine
- For closure of very heavy and large bags, sacks and nets
- Tamper-proof originality closure
- Made of high-quality stainless steel and industrial plastic

Why clip with EZ 8015?

The Easy Clip Line® machines safely package substances in granular, powder, liquid or solid form. Possible filling goods in the food sector are, e.g., poultry, fruit or vegetables, and in the non-food sector, e.g. chemical substances such as granules, easily flammable substances, small parts, carpets, blankets, sand, and many other products.

✓ Advantages

- Simple operation
- Quick, tight and reliable closure with uniform packaging
- Safe closing of the separator gate due to two-handed operation
- Also suitable for installation in packaging plants

✓ Quality and hygiene

- Hygienic design made of stainless steel and industrial plastic for easy cleaning

✓ Maintenance

- Low maintenance and low wear owing to the small number of moving parts

+ Optional equipment

- Pneumatic top knife for shorter product tails
- Easy to move and position due to trolley with fixable wheels to ensure good hold
- Bracket for mounting on rod at diameters of 35 – 48 mm for horizontal version

- Pressure reducer with filter

✓ Consumables

S-Clip: S 844, S 848, S 854, S 860

Function and operation

The clippers operate pneumatically. The filled bags are automatically gathered by insertion into the clip guide slot and closing the separator gate by safe two-handed operation. At the same time, the clipping process is initiated and the product is reliably packaged.

Clip system solutions

The complete system of clipping

machine, clips and loops from a single source ensures efficient and trouble-free production. Original clips from Poly-clip System guarantee the highest quality. Manufacturing is subject to the most rigorous quality controls. Certified in accordance with ISO 22000 and ISO 9001 they are designed to suit the production process perfectly. With its food-proof safety coating certified by the SGS INSTITUT FRESENIUS, Poly-clip SAFE-COAT technology ensures trouble-free production and if required a no-worry product warranty. Poly-clip System

is the world's leading provider of clip system solutions.

Technical data

Width	500 mm
Depth	800 mm
Height	850–910 mm
Weight	36 kg
Compressed air	5–7 bar / 0,5–0,7 MPa
Air consumption	12.3 NL/cycle

Dimensions, weight and consumption values vary depending on the equipment and/or machine configuration.
