UP TO 480 KEBABS OR WAVE SKEWERS PER HOUR.

For round skewers from 80 - 250 mm

PROFESSIONAL SKEWER SYSTEM 480.

For marinated or natural meat. For bacon, vegetables or fried sausages – with the Stick System 480 you can create up to 480 ready-to-sell skewers per hour.

Stainless steel sliding system

Looks like handmade, but much faster.

With this stainless steel sliding system, you can make grill skewers as if they were made by hand – but **much easier, without the risk of injury**. The Stick System 480 is the **perfect tool for routine and speed**.

Many product possibilities

Fast, professional variety of skewers.

The Stick System 480 processes round skewers from 3.2 to 3.8 mm diameter and lengths from 80 to 250 mm. In addition to the processing of round skewers, gun or flat skewers are also possible.
