March 2024

Standards in action across healthcare

Our focus is to work collaboratively with industry to support improvements to safety and quality in Healthcare through the implementation of GS1 standards.

This newsletter highlights some of the initiatives within the local and global community where GS1 standards play a role in improving Healthcare.

Australian Digital Health Agency National Digital Health Strategy 2023-2028 and Delivery Roadmap

The National Digital Health Strategy is a five-year plan that outlines the vision for Australia's digital health future. It aims to achieve four key outcomes improving Australia's health system in the process. The supporting Delivery Roadmap sets out the key initiatives over the next five years in twelve priority areas.

Thinking about Sustainability?

The National GS1 Traceability Advisory Group [NGTAG | GS1 Australia](#) is hosting our very first face-to-face event at 9am on 17 April 2024 in the GS1 Mulgrave office. The theme is Sustainability – **"Materials Recovery, Circularity and ESG Reporting: Navigating the new National Framework for Recycled Content Traceability and the importance of Transparency in Sustainability Reporting"**. The event promises to be a day filled with insightful discussions, thought-provoking presentations and collaborative sessions, aimed at driving sustainability initiatives in industry.

When was the last time you had your barcodes checked?

If it has been over 12 months, it's time to book it in! Routine testing of your barcodes (a tiny yet crucial part of your business) is often overlooked as a key way to improve operating efficiency and customer satisfaction.

The GS1 Australia Barcode Check service isn't just about checking the quality of barcodes, we test the validity and integrity of the number, standards compliance, positioning and more.
