Standards in action across retail

Welcome to the latest edition of GS1 Australia Retail News. A monthly communication for members to keep updated on market trends, events and latest industry initiatives.

GS1's National Traceability Group kicks-off

Maria Palazzolo, GS1 Australia's CEO, opened the inaugural meeting of the National Traceability Group, bringing together over 60

executives from government and industry to discuss strategies for improving visibility in Australia's supply chains.

Scan4Transport: Driving digital capability in the transport process

Scan4Transport is a new global standard for encoding transport data on a Logistics Label. Supporting the movement and visibility of freight across the transport process, it includes first mile, sortation and last mile activities.

This standard enables Logistics Service Providers to keep pace with growing customer needs. More coming soon.
