GS1 Australia

Recall FD&CG Advisory Group Pre-Reading

Wednesday 2nd June 2021
Participants on GS1 Boards, committees, task forces, work groups, or other similar bodies, must always remember the purpose of the Board, committee, task force, or work group is to enhance the ability of all industry members to compete more efficiently and effectively to provide better value to the consumer or end user. GS1 activity almost always involves the cooperation of competitors; therefore great care must be taken to assure compliance with trade practices laws in Australia and in other jurisdictions.

This means:

• Participation must be voluntary.
• There will no exchange of confidential information such as prices products.
• Meetings will have a pre-prepared agenda and recorded by minutes.
• All recommendations from any meeting are recommendations only. Individual companies remain free to make independent, competitive decisions.
• Any standards developed must be voluntary standards.
• If any participant believes the group is drifting toward impermissible discussion, the topic shall be tabled until the opinion of lawyer(s) with experience in trade practices law can be obtained.
