Healthcare industry news

April 2024

Standards in action across healthcare

Our focus is to work collaboratively with industry to support improvements to safety and quality in Healthcare through the implementation of GS1 standards.

This newsletter highlights some of the initiatives within the local and global community where GS1 standards play a role in improving Healthcare.

Come and see us at the Digital Health Festival 7 – 8 May 2024

Visit us at **stand 801** to chat with the Healthcare team and hear from our Healthcare Director, Michel Hulzebos, about how GS1 supply chain standards increase efficiency, support better decision-making, significantly reduce costs and ultimately improve patient safety.

When was the last time you had your barcodes checked?

If it has been over 12 months, it's time to book it in! Routine testing of your barcodes (a tiny yet crucial part of your business) is often overlooked as a key way to improve operating efficiency and customer satisfaction.

The GS1 Australia Barcode Check service isn't just about checking the quality of barcodes, we test the validity and integrity of the number, standards compliance, positioning and more.
