October 2020

Standards in action across retail

Welcome to the latest edition of GS1 Australia Retail News. A monthly communication for members to keep updated on market trends, events and latest industry initiatives.

2DBarcodes - What does this mean for suppliers and manufacturers?

The National rollout of GS1 2DBarcodes by Woolworths heralds a new era for the food and

beverage sector. Mark Dingley, Chair of the Australian Packaging and Processing Machinery Association (APPMA), talks about the benefits for suppliers and manufacturers.

Scan4Transport standards released

Scan4Transport is a global standard for encoding transport data on a freight label. The standard supports companies across the transport process including first mile, sortation and last mile activities and enables them to keep pace with the growing needs of their customers.

This standard was created by a global industry workgroup, which had broad representation and support from shippers, logistic service providers, solution providers and GS1 member organisations from around the world.

Call for pilot participants!

If you'd like to take part in a pilot program implementing these standards [contact us](#).

Regulations for sports supplements

The TGA recently released a clarification to how sports supplements will be regulated in Australia. Products that fit this criteria will need to be registered on the Australian Register of Therapeutic Goods (ARTG) and all applicable requirements for manufacturing, Formulation, labelling, evidence and advertising will apply.

Traceability and Digitalisation

Our work in Dairy

During October we ran a series of discovery workshops with Australian Dairy Farmers. These were open discussions with dairy producers, processors, retailers and regulators to investigate a more profitable and sustainable supply chain. Watch a snippet of Terry Richardson, President of Australian Dairy Farmers.
