

Printing & Packaging News

April 2021

Ensuring scannable barcodes and traceability

We offer a wide range of solutions, services and standards to help you with your printing and packaging needs - from getting your product to shelf, promoting your brand, to meeting retailer and regulator requirements.

Woolworths scanning new 2D GS1 DataMatrix barcodes

Food safety for fresh foods is entering a new era, with one small barcode revealing a wealth of information that could not fit on a traditional barcode.

50 years of the barcode

Fifty years ago on 31 March 1971, leaders from the biggest names in ecommerce came together and transformed the global economy through Global Trade Item Numbers (GTINs). Today the barcode is scanned over six million times every day and remains one of the most trusted symbols in the world.

GS1 Digital Link

Similar to a URL, GS1 Digital Link enables web connections to all types of B2B and B2C information. It's like a bridge between physical products and their digital twins - digital assets are linked to each other through a common identity that also links to the actual physical product.
