

OVERVIEW

EnerMech delivers industry-accredited technical training and certification services designed specifically to build workforce competence and ensure safety compliance across the region's oil and gas sector. Our specialized local curriculum includes LEEA, OPITO and ECITB accredited programs related to Lifting, Slings and Mechanical Joint Integrity courses.

These programs are led by expert instructors who combine classroom theory with hands-on practice to reduce high-risk operational errors.

LIFTING OPERATIONS

- OPITO Banksman Slinger initial training
- OPITO Banksman slinger competence assessment and reassessment
- OPITO Rigger Initial Training
- OPITO Rigger Competence Assessment and Reassessment
- Rigging Loft Management
- LOLER Awareness
- LOLER Supervisor
- LOLER Competent Person
- LEEA Approved Rigging Loft Management
- LEEA Approved Rigger Training
- LEEA Approved Rigging & Slings Operator
- LEEA Approved Lifting & Slings

MECHANICAL JOINT INTEGRITY

- ECITB MJ1 10: Hand torque flange and clamp connections – Training
- ECITB MJ1 18: Hydraulic tension flange connections – Training
- ECITB MJ1 19: Hydraulic torque flange and clamp connections – Training
- ECITB TMJI 10: Hand torque flange connections – Technical Test
- ECITB TMJI 11: Hand torque clamp connections – Technical Test
- ECITB TMJI 18: Hydraulic tension flange connections – Technical Test
- ECITB TMJI 19: Hydraulic torque flange connections – Technical Test
- ECITB TMJI 20: Hydraulic torque clamp connections – Technical Test

OFFSHORE CRANE OPERATIONS

- Offshore Crane Operator: Stage 1 Training
- Offshore Crane Operator: Stage 2 Training and Assessment
- Offshore Crane Operator: Stage 2 Re-Assessment
- Offshore Crane Operator: Stage 3 Re-Assessment
- Knuckleboom Familiarisation
- Latticeboom Familiarisation
- Overhead Gantry Crane

BESPOKE

- Upskilling Training Program for Rigger Supervisor- QELNG
- Electrical Habilitation Level 1 & 2 Training
- Electrical Safety Awareness
- Lock Out Tag Out (LOTO)
- Permit to Work
- Electrical Hazard Recognition
- HV Switchgear Safe Operation- Soon!
- EX nameplates Decoding- Soon!
