

Sustainability and Impact Assessment

Assessment Score Sheet

RATE EACH ITEM ON A SCALE OF 1-4

1 = Needs significant improvement / 2 = Adequate, but could be better / 3 = Good performance / 4 = Excellent performance

Environmental Stewardship

1. Energy and resource efficiency:

Score (1-4):

2. Waste reduction and management:

Score (1-4):

3. Sustainable sourcing and practices:

Score (1-4):

Social Impact

1. Addresses clear community need:

Score (1-4):

2. Promotes inclusivity and accessibility:

Score (1-4):

3. Stakeholder engagement and satisfaction:

Score (1-4):

4. Contributes to community resilience:

Score (1-4):

Economic Sustainability

1. Financial stability and diverse funding:

Score (1-4):

2. Cost-effective operations:

Score (1-4):

3. Local economic benefits:

Score (1-4):

4. Potential for scaling or replication:

Score (1-4):

Organizational Capacity

1. Clear goals and mission alignment:

Score (1-4):

2. Adaptability to changing conditions:

Score (1-4):

3. Strong partnerships and collaborations:

Score (1-4):

4. Effective leadership and governance:

Score (1-4):

Innovation and Learning

- 1. **Incorporates innovative approaches:**
Score (1-4):
- 2. **Knowledge sharing and dissemination:**
Score (1-4):
- 3. **Continuous improvement processes:**
Score (1-4):

Measurement and Future Planning

- 1. **Robust impact measurement systems:**
Score (1-4):
- 2. **Long-term sustainability strategy:**
Score (1-4):
- 3. **Clear vision for future development:**
Score (1-4):

TOTAL SCORE: / 80

SCORING GUIDE

65-80: Excellent
High sustainability and impact potential

50-64: Good
Strong performance with some areas for improvement

35-49: Fair
Significant improvements needed in several areas

Below 35:
Needs major overhaul to ensure sustainability and impact

Analysis and Action Planning

Top 3 Strengths:
Highest scoring items

- 1.
- 2.
- 3.

Top 3 Areas for Improvement:
Lowest scoring items

- 1.
- 2.
- 3.

Priority Action Items:
List 3 specific, achievable actions to improve your lowest-scoring areas.

- 1.
- 2.
- 3.

Future Impact Potential:
Based on the scores, briefly describe the project’s potential for long-term impact and sustainability.
