

2016 PERFORMANCE RXP®-X® 300

The ultimate top-of-the-line racing watercraft combines power, handling and control like nothing else on the water. And with the new 300-hp Rotax® 1630 ACE™ engine, nothing else will come close to you on the buoy course. This machine does much more than push the limits of race riding. It pushes you to the front of the pack.

NEW White & Dayglow Yellow

NEW Lava Red & Monolith Black Satin

RIDER CAPACITY

Weight capacity..... 400 lb / 182 kg

iTC | iBR | T³ | CLCS | ECO

DIMENSIONS

Fuel capacity	15.9 US gal / 60 l
Length	130.6" / 331.6 cm
Width	48.3" / 122.7 cm
Weight (dry)	850 lb / 386 kg
Storage capacity	30.7 US gal / 116.4 l

HULL

Type..... T³

- Medium-sized platform
- Rough water inspired deep-V hull
- Better lean-in and precise cornering

ENGINE

Type	Rotax 1630 ACE engine
Intake system	Supercharged with external intercooler
Displacement	1,630 cc
Cooling	Closed-Loop Cooling System (CLCS)
Reverse system	Electronic iBR®
Starter	Electric
Fuel type	87 octane – minimum 91 octane – recommended

ROTAX 1630 ACE ENGINE

T³ HULL™

ADJUSTABLE REAR SPONSONS

ERGOLOCK SYSTEM

ADJUSTABLE ERGONOMIC STEERING (A.E.S.™)

RIDING BOOTS AND GOGGLES (OPTION)

RXP-X 300

ENGINE

1,630 cc four-stroke, Rotax with four valves per cylinder	Supercharged, external intercooled Rotax 1630 ACE engine provides reliable high performance in fresh or salt water, increased torque at low RPM, optimized power at all RPM levels and throttle positions.
iTC™ (Intelligent Thottle Control) system	Operating electronically, this advanced throttle system starts you in neutral for easier dockside starts. It also features an activity-specific Touring, Sport and ECO™ modes that can all be set to accommodate your riding style. The result is a more responsive, more intuitive ride.
iControl® Learning Key®	The programmable Learning Key allows you to limit the performance of the PWC based on rider skill level.
D-Sea-Bel™ system	Combines a series of resonators and vibration-absorbing components to make Sea-Doo watercraft some of the quietest on the water.
Closed-Loop Cooling System	Uses coolant to keep the engine running at the ideal temperature, much like a car's radiator. Also keeps out corrosive saltwater and debris.

FEATURES

iControl	The "Brain" that integrates and controls all systems to create the best possible ride.
T³ Hull	Innovative multi-staged design with extreme hard and soft chines. Allows for more precise cornering, enhances lean-in, cuts water and tracks better; extremely responsive.
Ergolock system	Combination of ergonomic features allow amazing control while cornering with less upper body fatigue. It features a narrow racing seat with knee grab design, adjustable handlebars and angled footwells that allow you to "lock in" when cornering hard. This results in faster turns and more time on the water.
Trim tabs	Limit bow rise and improve parallelism to water. Also increase tracking in rough water conditions.
High-performance electric VTS™ (Variable Trim System)	Provides pre-set positions for quick settings when adjusting boat trim, maximizes acceleration and high-speed stability.
ECO mode	This iTC function automatically determines the most economical power delivery and sets the optimal RPM for greatest fuel economy.
Interactive Multifunction Digital Information Center	VTS preset, Fuel consumption instant & average, Fuel level, Tachometer, Speedometer, Hour meter, Compass, Clock, Touring mode, Sport mode, ECO mode, F-N-R indicator and more.
RF D.E.S.S.™ Key	With radio frequency technology and a ball-and-socket design, the Digitally Encoded Security System (D.E.S.S.) key provides riders with easy and quick starts every time.
Off-Throttle Assisted Steering (O.T.A.S.™)	Provides the operator with additional steering effect in off-throttle situations for greater maneuverability.

Handlebar with NEW palm rest
Elevated fuel filler
Bumpers
Wide-angle mirrors
Tow hook
Footwell carpets with Sea-Doo logo pattern
Swim platform carpet with Sea-Doo logo
Rear grab handle
Seat strap
Dual drain plugs
Flush kit
Emergency floating lanyard
Operator's guide, instructional video and booklet

PROPULSION SYSTEM

iBR (Intelligent Brake & Reverse) system	First and only true brake on a watercraft recognized by the U.S. Coast Guard for improving boating safety since 2009. Now in its 2nd generation, the intuitive and improved iBR allows you to stop close to 160 feet sooner[1] for greater peace of mind. All with the squeeze of a lever. And with its electronic reverse, it gives you a level of maneuverability that makes docking easier.
Stainless steel impeller	Delivers improved acceleration, higher top speed and less cavitation.

X-PACKAGE

X-Coloration seat	Race-inspired design for comfort and great looks.
X-Handlebars with A.E.S. (Adjustable Ergonomic Steering)	The only fully adjustable handlebar in the industry. With A.E.S. the rider can adjust the handlebar width and grip angle for a fully customized ride.
X-Gauge with boost indicator	Shows the boost pressure in real-time from minimum (idle) to max boost pressure (open throttle) at all times so the rider knows the engine load condition.
Adjustable rear sponsons	An efficient design that improves lateral stability. 3-position adjustable for your skill level and riding environment: higher for a more playful freeride experience or lower for more aggressive turning. Winglet feature enhances lean angles during turning.
Additional gauge functions	Time / Distance to empty, Top / average speed / RPM, Lap timer, Engine temperature.

OPTIONS

Depth finder
Speed Tie™
Fold-down reboarding step
Removable dry bag for front storage
Sandbag anchor
Safety kit
Bilge pump
Fire extinguisher
Fender
Sea-Doo Move trailer
Watercraft cover

WARRANTY

BRP limited warranty covers the watercraft for one year.
