

2014 PERFORMANCE RXT® 260

Calibrated for superior handling and acceleration with high-performance essentials at a more accessible price. Go from zero to 30 mph (48 km/h) in 1.7 seconds. And with the S³ Hull,® you'll stay glued to the water.

Orange Burst

RIDER CAPACITY

Weight capacity.....600 lb / 272 kg

iTC | iBR | S³ | CLCS | ECO

DIMENSIONS

Fuel capacity.....15.9 gal / 60 l
Length..... 139.2" / 353.5 cm
Width ..... 48.2" / 122.4 cm
Weight (dry).....824 lb / 375 kg
Storage capacity .....13.7 gal / 52 l

HULL

Type.....S³

- Longer platform
- Rough water inspired deep-V hull
- Stable and predictable

ENGINE

Type..... 1503 HO Rotax® 4-TEC® engine
Intake system.....Supercharged with external intercooler
Displacement .....1,494 cc
Cooling..... Closed-Loop Cooling System (CLCS)
Transmission.....iBR® with electronic brake, neutral and reverse
Starter.....Electric
Fuel type .....87 octane – minimum
91 octane – recommended

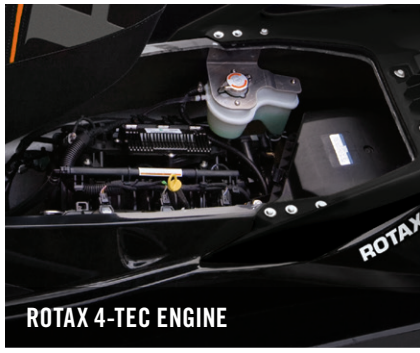

DRIVING CENTER WITH ECO™ MODE

RXT 260

ENGINE

1,494 cc four-stroke, Rotax with four valves per cylinder	Supercharged, intercooled 1503 HO Rotax 4-TEC engine provides reliable ultra-high performance in fresh or salt water, increased torque at low RPM, optimized power at all RPM levels and throttle positions.
iTC (Intelligent Thottle Control) system	Operating electronically, this advanced throttle system starts you in neutral for easier dockside starts. It also features an activity-specific Cruise control, Touring / Sport mode and ECO mode that can all be set to accommodate your riding style. The result is a more responsive, more intuitive ride.
iControl® Learning Key®	The programmable Learning Key allows you to limit the performance of the PWC based on rider skill level.
D-Sea-Bel™ system	Combines a series of resonators and vibration-absorbing components to make Sea-Doo watercraft some of the quietest on the water.
Closed-Loop Cooling System	Uses coolant to keep the engine running at the ideal temperature, much like a car's radiator. Also keeps out corrosive saltwater and debris.
Handlebar-mounted start / stop button	Engine starts and stops with single, user-friendly control button.

FEATURES

iControl	The "Brain" that integrates and controls all systems to create the best possible ride.
S^3 Hull	Stepped, stable & strong. The stepped design reduces drag and keeps you glued to the water.
Touring / Sport mode	Offers a choice between two throttle responses for different riding styles. Touring mode is the default setting offering a more progressive acceleration curve for a more confident ride – ideal for cruising and 2-up riding. Sport mode can be easily activated using the Sport button. It provides all acceleration performance for a more aggressive throttle response.
ECO mode	This iTC function automatically determines the most economical power delivery and sets the optimal RPM for greatest fuel economy.
Hinged seat	Easy-open seat with convenient stay-open support struts. Provides easy access to the engine compartment while remaining attached to the watercraft.
High-performance electric VTS (Variable Trim System)	Provides pre-set positions for quick settings when adjusting boat trim, maximizes acceleration and high-speed stability.
Watertight, removable storage bin	Provides dry storage for luggage and necessities with easy access.
Tilt steering	4 adjustable steering angles for maximum ease and comfort.
Footwell carpets with Sea-Doo logo pattern	Offer extra comfort, non-skid surface and great looks.
Fold-down reboarding step	Makes reboarding from the water easier and quicker.
Ski tow eye	For easy and secure attachment of ski rope.
Interactive Multifunction Digital Information Center	Reports 26 key operating functions: Fuel level, Tachometer, Speedometer, Hour meter, Compass, Clock, Fuel consumption meter, Touring / Sport mode, ECO mode, Slow mode, Cruise control, VTS preset, F-N-R indicator and more.
Digitally Encoded Security System (D.E.S.S.™)	Industry's first digitally encoded theft-deterrent system.
Off-Throttle Assisted Steering (O.T.A.S.™)	Provides the operator with additional steering effect in off-throttle situations for greater maneuverability.

FEATURES CONTINUED

Quick latch fuel filler design
Sponsons
Bumpers
Swim platform carpet with Sea-Doo logo
Reboarding handles on rear platform
Rear grab handle
Dual drain plugs
External exhaust cooling flush attachment
Wide-angle adjustable mirrors
Emergency floating lanyard
Racing seat
Seat strap
Operator's guide, instructional video and booklet

PROPULSION SYSTEM

iBR (Intelligent Brake & Reverse) system	The world's only on-water braking system, iBR lets you stop up to 100 feet sooner than any other watercraft[1]. All with the squeeze of a lever. And with its electronic reverse, it gives you a level of maneuverability that makes docking easier.
Stainless steel impeller	Delivers improved acceleration, higher top speed and less cavitation.

OPTIONS

3-position retractable ski pylon
Removable wakeboard rack
Ski mode
Top / average speed / RPM
Depth finder
Lap timer
Time / Distance to empty
Engine temperature
Speed Tie™
Removable dry bag for front storage
Glove box organizer
Sandbag anchor
Safety kit
Fire extinguisher
Sea-Doo MOVE trailer
Storage cover

WARRANTY

BRP limited warranty covers the watercraft for one year.
