

Zygomatic Implants from A to Z, Pterygoid, and Intra Sinus

March 3-4, 2023

8:30 a.m. to 5:00 p.m.

3918 Long Beach Blvd, #200, Long Beach, CA

SAC: Advanced

Type: Lecture/Participation

**Audience: Dentists, GPs, OMS, Periodontist,
Prosthodontists, Surgeons**

Tuition: \$8,900, collected by 4M Institute

This course is designed for experienced clinicians already proficient in rehabilitating the edentulous maxilla with dental implants and want to gain understanding and experience in how Zygomatic implants can reduce the need for bone grafting and provide a full-arch restoration in one visit. Learn how Zygomatic implants can reduce the need for bone grafting and provide a full-arch restoration in one visit. Includes cadaver hands-on. As an added bonus, you'll learn how to place Pterygoid & Intra Sinus Implants for better A-P spread and long-term success of your full-arch cases.

OBJECTIVES

- Understand and apply basic principles of Zygomatic implants
- Prepare diagnosis
- Prepare treatment planning
- Apply surgical protocol on cadavers
- Observe live surgery demonstration
- Recognize, manage risk assessment and complications

Dr. Sean Mohtashami

Dr. Sean Mohtashami is the founder of 4M Institute and is both a pioneer and a leading expert specializing in dental implant solutions. Dr. Sean owns and operates several practices and opened 4M Institute to offer a much needed dental training institute, dedicated to teaching dentists not only clinical and lab training, but also marketing, sales, and leadership. With extensive hands-on training of his own, Dr. Sean understands the power of postgraduate training to take a practice to the next level. He created the state-of-the-art facility with the most advanced technology and top-of-the-line equipment to ensure students have the most cutting edge tools at their fingertips.

Dr. Arshiya Sharafi

Dr. Sharafi obtained his dental degree at the University of Maryland Dental School. He went on to finish his Oral and Maxillofacial Surgery training at University of Maryland Medical Center and R. Adam Cowley Shock Trauma Center. Dr. Sharafi has trained extensively in dentoalveolar surgery, dental implants, orthognathic surgery, maxillofacial trauma surgery, facial cosmetic surgery, and benign head and neck pathology and reconstructive dental implantology. He is a Diplomate of the American Board of Oral and Maxillofacial Surgeons and a Fellow of the American Association of Oral and Maxillofacial Surgeons. He is a member of the American Dental Association, California Association of Oral and Maxillofacial Surgeons, San Diego Dental Society, International Congress of Oral Implantologists, and Academy of Osseointegration.
