

SPECIAL GLASS EQUIPMENT

Machine Category:
Special Glass Equipment

Industry: General Machinery

Country: China

Product Series:
UCD

Specification:
Absolute Multiturn Optical Encoder 1013 With
Analog interface (4-20mA output)

Competing Technical Solution:
local absolute encoder

Benefits of Technical Solution

The encoder is used for the absolute position control of the cambered glass production line. Compared with Japanese brands and local brands, our multiturn encoder has no battery and gears and offers a high performance.

Reasons for Choosing POSITAL

Competitive price
Proven quality
Good service
