

PORT CRANE (HOIST WIRE ROPE DRUM)

Machine Category:
Port Crane

Industry: Crane

Country: China

Product Series:
OCD.

Specification:
Multiturn, Profibus, above IP65

Competing Technical Solution:
Cam limit switch

Benefits of Technical Solution

The vertical position is measured with an absolute encoder at the wire rope drum (inside grey box). Absolute information required in case of power failure. A cam switch is used on the same shaft (positions: start, stop, slow down). Fieldbus useful because of long (>25m) distance to PLC.

Reasons For Choosing POSITAL

Good price! Proven performance in fieldbus
