

WINDPOWER YAW CONTROL

Machine Category:
Yaw Control

Industry: Wind Energy

Country: China

Product Series:
UCD SSI Encoder

Specification:
SSI Interface, Multiturn, 36mm Housing, IP 54

Competing Technical Solution:
Wachendorff or Potentiometer

Benefits of Technical Solution

When windpower body is turning, the yaw control box will turn accordingly. With the multiturn absolute encoder, the yaw control box can monitor the position of the whole turning range. This solution is advantageous over potentiometers with regard to multiturn counting.

Reasons for Choosing POSITAL

Good relationship
High cost performance!
Company size
