

BLOW-MOULDING MACHINERY

Machine Category:

Blow-moulding machinery for plastic goods production.

Industry: Plastics and Rubber Machinery

Country: Italy

Product Series:

IXARC IO-link.

Specification:

IO-link compatible

Competing Technical Solution:

Analogue Magnetostrictive Sensors

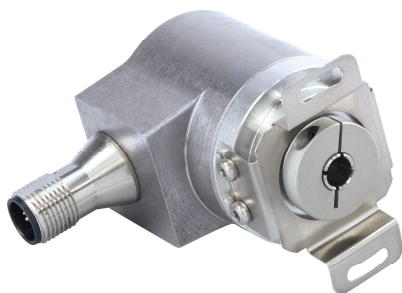

Benefits of Technical Solution

Encoder gives better and reliable position feedback compared with the previous solution. Absolute position is mandatory and IO-link encoder is easy to replace in case of damage.

Reasons for Choosing POSITAL

Good customer access based on preexisting business (magnetostrictive). Good support on model definition and supplying of few different samples for test validation. Cost effective solution compared to previous one.
