FRABA

TRUCK MOUNTED PLATFORMS

Machine Category: Truck Mounted Platform

Industry: mobile machines

Country: Italy

Product Series: OCD CANopen

Specification:

- CANopen with Autostartup functionality
- IP67
- Radial Connector exit

Competing Technical Solution:

potentiometers

Benefits of Technical Solution

Our Encoder is used as feedback for the rotating Platform. As soon as our Encoder is supplied with energy it starts to send the position values. (startup functionality) This is important during the startup of the Engine of the Truck. During this process the Battery voltage can decrease under the Encoder voltage range.

Reasons For Choosing POSITAL

Competitive prices with a good support of our Salespartner. Good quality and lifetime.
