

3D TECHNICIAN (FULL TIME, ON-SITE, CLUJ-NAPOCA)

Company

FRABA is a group of enterprises focused on providing advanced products for the motion control and industrial automation market. With subsidiaries in Heerlen / The Netherlands, Aachen and Cologne / Germany, Slubice / Poland, Hamilton NJ / USA, Cluj-Napoca/ Romania and Singapore, FRABA is offering global support to its customers worldwide.

Competence

It is our philosophy to offer a challenging yet rewarding work environment for every employee of our team. Total information, dynamic development, competence, and fair sharing are our values. Initiative, ideas, knowledge, energy, and risk taking are our drivers and everybody who has them has the right to make decisions. At FRABA, leadership is not depending on education or hierarchy, but on knowledge and performance of each individual.

As Mechanical Support Engineer (Technical Provider) you will become part of our team in Cluj-Napoca, Romania.

Responsibilities

- You design mechanical parts and assemblies with 3D CAD and manage them in a PDM system
- You create assembly and manufacturing drawings (machining, injection-molding, die-casting, sheet-metal parts, deep-drawing, 3D-printing)
- You plan, prepare and run mechanical tests and write reports
- You are documenting our product knowledge in a structured and professional form
- You help create processes and tools to build an effective product support infrastructure

If you have the initiative, knowledge, information, energy, and courage to make a decision, we urge you to do so. At FRABA everybody has the chance to become a leader. It is up to you to take your chance.

Requirements

It is our philosophy to hire talented individuals who are willing to learn and develop their skills, not specialized know-how. As an applicant you should fit into the following profile:

- Education in the field of engineering, electronics, mechanics, industrial automation, or related
- Experience with 3D-CAD systems (ideally Solidworks)
- Good general computer / IT skills (Windows, Office, Picture Editing)
- Very good team and communication skills
- Systematic and analytic working style
- Fluent English skills, German is an advantage but not mandatory, any other language is a plus
- Ready to undertake long-term cooperation and be a team player.
- Ready to perform tasks independently, interpersonal, and professional development.
- Having the ability to organize work, initiative, and commitment.
- Willing to learn new technologies and have the desire to explore new possibilities.

The ideal candidate possesses experience in the following areas:

- Industrial network interfaces like ProfiNET, Ethernet/IP, CANopen and others
- Reading and understanding 2D / 3D CAD files
- Industrial sensors, controllers and their wiring, engineering tools
- Product knowledge management
- Digital support tools like ticket system, knowledge base or data visualization software

We offer

- Work in an international environment with pleasant and friendly atmosphere
- Flexible working hours and a hybrid approach to home-office presence.
- Medical package.
- Possibility of traveling between related companies (Slubice, Heerlen, Aachen, Cologne).

Please add the following clause to your application:

I consent to the processing of my personal data for the purposes of recruitment (in accordance with Article 6, paragraph 1, letter a of Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation).

Please submit your application to the following email address: recruiting@fraba.com. Please include your CV and supporting documents into your application. We look forward to hearing from you!

INFORMATION CLAUSE

In accordance with Article 13, paragraphs 1 and 2 of Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation, hereinafter referred to as "GDPR"), we inform you that:
