

60 MEGAWATTS PALMER SOLAR PROJECT BY JUWI

Machine Category:
Solar array

Industry: Solar

Country: USA, Colorado

Product Series:
ACS

Specification:
4-20mA ACS

Competing Technical Solution:
Inclinometers from other manufacturers

Benefits of Technical Solution

Well tested and proven ACS already had several thousand solar installations throughout the world. Ability to serve as drop-in replacement.

Reasons for Choosing POSITAL

ACS was originally considered a few years prior. A lower cost inclinometer was chosen, but reliability issues quickly became prevalent in early installations. The ACS had already been qualified and re quoting the sensor at a more competitive price combined with numerous success stories won the business.
