

CONTROL SYSTEMS – GPS EQUIPMENT

**Machine Category:**

GPS equipment for farm machinery

Industry: Control Systems

Country: Japan

Product Series: AKS (Dynamic Incliner)

Specification:

Inclination sensor with stabilized output under dynamic conditions, Dual Axis, CANopen

Competing Technical Solution:

Unknown

Benefits of Technical Solution

Hitachi Zosen is using our sensor as a feedback system for a new GPS system (details are not revealed to us). Based on stabilized position data from our sensor, Hitachi Zosen is able to improve the precision of its GPS equipment. The main application is in position tracking for farm machinery.
