

STEPPER MOTOR

**Machine Category:**

Intelligent Stepper Motor

Industry: Motors

Country: Germany

**Benefits of Technical Solution**

Multiturn absolute encoders ensure stepper motor continuous working even in case of power failure or communication error during operation. The compact design of POSITAL Kit enables integration in intelligent motors with drive controller.

Reasons for Choosing POSITAL

Battery-free solution with a very competitive price and small dimension. Easy integration of kit without clean room conditions like for optical solutions.
