

WIRE AND CABLE MACHINERY

**Machine Category:**

Wire and Cable Machinery

Industry: Wire and Cable Machinery

Country: China

Product Series:

IXARC Absolute Encoders

Specification:

Profibus Absolute Encoders, MT, Full Shaft

Competing Technical Solution:

Other Encoders

Benefits of Technical Solution

Dozens of Profibus encoders are being used on different processing stations of a cable/wire production line. These encoders attached to the machine's rollers or wheels to position the cable/wire and monitor the tension. With Profibus interface, the PLC can collect the data from encoders more efficiently and lower cabling cost.

Reasons for Choosing POSITAL

Robust Design, Cost Competitive, Good Customer Service
