FARM MACHINERY – SOD HARVESTER

**Machine Category:**

Farm Machinery: Sod Harvester. The machine largely automates the harvesting and palletizing of sod. This results in not only a more efficient process, but also a neater stacked pallet which improves the quality of the product when delivered to the user.

Industry: Farm Machinery and Equipment

Country: USA

Product Series:

IXARC Magnetic CANopen HD

Specification:

IP69k, CANopen

Competing Technical Solution:

Potentiometer w/ field bus output

Benefits of Technical Solution

High IP rating and CANopen interface easily integrate into the environment and control system used on the harvester.

Reasons For Choosing POSITAL

IP69k rating means no additional environmental protection is needed. Good support from POSITAL and local distributor (Protronix Controls)
