

SLIPRING

Machine Category:
Slip-Ring

Industry: Mobile Machinery

Country: USA

Product Series:
IXARC-MAG-BUS

Specification:
CANopen, ST, 13bit, custom mechanics and configuration

Competing Technical Solution:
- various encoders

Benefits of Technical Solution

Encoder provides absolute position in slip-ring assembly.
Rugged design enables use in off-highway equipment.
Magnetic custom solution replaces optical unit, but keeps customer interface (mechanical, electromechanical and software) identical.

Reasons for Choosing POSITAL

- experience with optical units from POSITAL
- capability to customize/pre-configure unit
- rugged magnetic technology
- pro-active cost reduction by switching from optical to magnetic
