Golden Circle Tours

Reykjavik Excursions offer a wide selection of guided Golden Circle tours for those who want to see the best of Iceland.

The well known Golden Circle mainly consists of 3 sites: Geysir geothermal area where hot springs are in abundance, geysers explode and pools of mud bubble, Gullfoss, the queen of Icelandic waterfalls and last but not least Þingvellir National Park, where Iceland's most important historical events have taken place as well as being a designated UNESCO World Heritage Site.

For those who want to add something different to the Golden Circle tour; a one-hour snowmobile ride on Langjökull glacier, a one-hour ATV ride, horse riding or steam bathing at Laugarvatn Fontana are ideal additions to a perfect day.

A must do when in Iceland!

Northern Lights Tours

There is nothing more breathtaking than seeing the northern lights dancing in the sky.

The northern lights are caused by the interaction of particles from the sun with the upper atmosphere near the North Pole. That creates this wonderful light effect, known as the aurora borealis (northern lights).

The northern lights are a spectacular natural phenomenon, often seen dancing around in fantastic colours across the Icelandic Arctic sky.

Don't miss your chance of catching these awe-inspiring lights!

If you don't see any lights on your tour you can join our RE62 Northern Lights Tour for free.

These tours depend on weather and sightings are not guaranteed. Indicated return times can vary.

The locations visited differ from tour to tour as we go where the best conditions are to see the northern lights each evening.

Jökulsárlón Glacial Lagoon & Diamond Beach

Mon, Wed & Sat 07:30 - 22:00

On this great tour to Jökulsárlón glacial lagoon, we drive along the south shore, one of Iceland's most scenic routes. Along the way we will see beautiful mountains, glaciers and beaches.

The highlight of the day is Jökulsárlón, with its enormous and ancient icebergs breaking off from Vatnajökull glacier - a sight you cannot miss! The lagoon covers 18 square kilometres (7 square miles) and reaches more than 248 metres (814 ft) at its deepest point.

You may recognize the lagoon from scenes in Batman Begins, Tomb Raider and two James Bond movies.

En route we will also stop at two stunning waterfalls, Skógafoss and Seljalandsfoss.

South Coast & Glacier Hiking

🇬🇧 Daily ⌚ 09:00 - 19:30

A glacier hike is a great way to experience Icelandic nature.

On our way to Sólheimajökull glacier, an outlet glacier from Mýrdalsjökull, Iceland's fourth largest glacier, we pass by Eyjafjallajökull volcano that erupted with a world famous bang in 2010.

Upon arrival at Sólheimajökull we start our 2-2.5 hour walk on crampons up on the ice field, where we will learn more about the wonderland of ice sculptures, ridges, deep crevasses and why the glaciers are melting and disappearing. Afterwards we visit a DC-3 plane wreck on the black beach that crashed on Sólheimasandur in November 1973. En route back to Reykjavik we stop at the striking waterfalls, Skógafoss and Seljalandsfoss.

The Lava Tunnel - Caving in Raufarhólshellir

🇬🇧 Daily ⌚ 09:00 - 12:00

On this excellent tour we visit the lava tunnel Raufarhólshellir located only 30 minutes from Reykjavik. We will witness the inner works of a volcanic eruption while we walk in the path of lava that flowed thousands of years ago.

The lava tunnel is one of the biggest in Iceland and gets up to 30 metres wide and 10 metres high. The lava tube ceiling has caved in near the entrance, which creates beautiful columns of light. The fantastic range of colours of the tunnel walls is caused by the different mineral types in the walls of the tunnel.

Scenes from the Hollywood movie Noah, with Russell Crowe and Anthony Hopkins, were shot in this lava cave.
