

# Allergens Reference Guide

Like most restaurants, our restaurants prepare and serve products that contain Soy, Egg, Fish, Milk, and Wheat. While a particular ingredient statement may not list one of these allergens, our products may be prepared with equipment that is shared with products containing one or more of these allergens. If you have a food allergy, please consult with your physician before deciding which Jack in the Box® products are right for you. We also recommend checking our Ingredient and Allergen information frequently, as our menu and ingredients may change.

The following menu items were reviewed for the presence of Soy, Egg, Fish, Milk, Peanuts, Crustacean Shellfish, Tree Nuts and Wheat which may cause allergic or other reactions in some individuals. If present in the product, the allergens are listed for that item.

Allergen information does not include salad dressing, crunchy toppings, dipping sauces, or individual sauce packets. See appropriate sections for this information.
