</table>

Nucor’s company-wide energy savings are equal to the annual energy use of more than two times the number of Alabama households.

CONTRIBUTING TO THE ALABAMA ECONOMY

Nucor generates more than $290 million to the State of Alabama in annual payroll and taxes to local government taxing entities such as cities, counties, and school districts.

Under Nucor’s incentive-pay system, all employees in the company have some of their total compensation connected to company performance. Over the last 3 years, the median pay for all Nucor teammates nationwide (not including the CEO) has averaged nearly $95,000.

WATER USAGE

Nucor uses 98% LESS water than an average steel mill

RECYCLED CONTENT

The recycled content of Nucor’s steel nationwide

70.9%

COMMITMENT TO EDUCATION

Every Nucor teammate and their dependents are eligible to receive a $3,500-per-year scholarship to college or vocational school. Approximately $100 million has been awarded nationwide since 1974.

AMERICA’S LARGEST STEEL & STEEL PRODUCTS PRODUCER
