![Lookout logo]

1 Open your Welcome Email

Locate the "Lookout for Work" activation email from Vodafone & Lookout. This contains the unique activation code required to set up the app.

2 Install 'Lookout for Work'

Click the 'Install Lookout for Work' button in the email. This will take you to the Apple App Store or Google Play Store. Alternatively, you can go straight to the app store and search "Lookout for Work".

3 Input Activation Code

Input the activation code from your email into the Lookout for Work application and tap 'Activate'.

4 Grant Required Permissions

To ensure full protection, tap **Allow** when prompted to let Lookout send security notifications. Follow any other on-screen prompts to enable all protection features.

Activation Complete!

Your device is now protected by Lookout for Work. The app will run in the background to keep you secure.

Lookout for Work activation

Lookout for Work client activation step by step

Open invitation email → Install Lookout for Work from public App Stores → Open Lookout for Work → Copy invitation token from email → Paste invitation token in the Lookout for Work app → Click 'Activate' → Grant push notifications permissions
