Our Product

Our Accessibility Consultancy Service offers comprehensive support to organizations aiming to enhance the accessibility of their digital properties. It provides ongoing support, strategy development, and expert guidance to embed accessibility into your organization.

We partner with you to build an inclusive digital environment that not only complies with global standards like WCAG 2.1 and 2.2, EN 301 549 as well as optionally ADA, and Section 508 for US markets, but also resonates with your broader organizational goals for diversity and inclusion.

Why Opt for Our Accessibility Consulting?

Don't Just Meet Standards
Exceed Them with Strategic Inclusivity

We partner with you to build an inclusive digital environment:

- ✓ Global and International standards compliance: WCAG 2.1/2.2 or EN 301 549

- ✓ We broader organizational goals for diversity and inclusion

- ✓ Optionally also offer ADA and Section 208 for US Markets.

Goes Beyond Compliance

We Help You Meet Enhance Your Digital Properties

Our service is more than just abiding compliance, it also creates an organizational culture that values diversity and inclusivity.

We make your digital properties accessible to all users, expanding your audience, enhancing user satisfaction, and preventing legal risks.

Your Roadmap to Inclusive Digital Spaces

1 **Initial Assessment**

We conduct an in-depth review of your current digital accessibility status and identify immediate and long-term goals. In almost all cases we suggest performing an accessibility audit first to evaluate the current state.

2 **Strategy Development**

We develop a customized accessibility strategy that aligns with your organization's objectives, timeline, and budget. This includes prioritizing initiatives that deliver the most significant impact and planning for long-term digital inclusivity.

3 **Implementation Support**

We provide hands-on assistance to your team, ensuring the successful implementation of accessibility features and practices.

4 **Training and Workshops**

We deliver tailored training sessions to various stakeholders within your organization, from technical teams to content creators.

5 **Ongoing Monitoring and Support**

We offer continuous monitoring and support to adapt to new content, technologies, and changes in accessibility standards.

Clear Steps Forward: Access for All

Accessibility Strategy Document

A comprehensive plan that outlines your personalized accessibility strategy, detailing objectives, timelines, and budget allocations. This document prioritizes initiatives for maximum impact and guides long-term inclusivity efforts.

Implementation Roadmap

A step-by-step guide for integrating accessibility solutions into your digital assets. From code modifications to design adjustments, this roadmap facilitates the effective execution of accessibility features.

Training Modules

Customized training sessions designed to bridge knowledge gaps within your team. These modules cover essential accessibility principles and practices, tailored to your specific tech stack and team needs.

Monitoring & Support

Details of continuous monitoring and support services to adapt to new content, technology changes, and evolving accessibility standards. Ensures your digital assets remain inclusive and compliant over time.

Policy Framework Document

Guidance on developing or refining your accessibility policies and governance structures. Ensures your organization's ongoing commitment to inclusivity and compliance with legal standards.
