

Word of the Day

Challenge

Name :

Word of the Day Challenge

In this booklet you will find lots of words that you may or may not have come across before. They are words that are very useful to know in preparation for your 11Plus or Entrance Exam.

Each day select a word and look it up in the dictionary. Write down the definition of the word (where possible) plus a synonym and an antonym and then practise using the word in a sentence. Maybe even try and use it in a conversation you have during the day!

Practising words in this way will really help you to broaden your vocabulary so that you're not thrown off during the exam. Keep looking and listening out for new words to learn! Once you have completed this booklet, why not make one of your own?

Good luck and have fun!
