THE CHALLENGE

- Technicians and expertise spread across the globe
- Service dispatches are very costly
- Exposure to scrutiny and penalties

THE SOLUTION

- CareAR Assist for technicians with real-time annotated support
- CareAR Instruct for complex process documentation
- CareAR Insight for tracking potential issues with machinery and production

THE BENEFITS

- Faster resolution and higher first-time fix rates to reduce downtime
- Expertise at the point of need avoiding security delays and shortening time to resolution
- Reduces skillgap through knowledge transfer
- Reduces global travel costs with robust remote support options
- Elevates the user experience and customer satisfaction rates
