Investment Focus and Philosophy

- Targeting significant minority or control equity investments of **\$20 - \$250 million** in North American businesses with EBITDA of **\$5 - \$50 million** and total enterprise values of **\$50 - \$500 million**
- Partner with exceptional managers to jointly build businesses over the long-term with a focus on multiple of capital and not IRR
- Focused portfolio – we work to make each investment successful on a standalone basis
- **ONCAP funds have never impaired capital on any realized investments since inception**
- Invest in high quality businesses, with strong, sustainable free-cash-flow characteristics and market leadership in fragmented industries
- Ownership philosophy which mandates ONCAP and its management partners to personally invest in each transaction
- Long-term track record of serving as the first significant institutional investor in founder-owned businesses across North America
- Utilize an appropriate financial structure and leverage ONCAP's strong existing lending relationships
