YOUR TALKTALK TV HUB GUIDE

Everything you need to know about the TV Hub that's shaking things up.

TalkTalk
For Everyone

WE'RE TIRED OF THE SAME OLD TV.

Most people are tied into TV packages chock-full of extras they don't want. Sometimes for years, and often with a hefty price tag.

At TalkTalk, we're on a mission to change all that. So, our new TV Hub is really shaking things up. No more getting tangled up in lengthy contracts. You can get Sky Sports for the footie season or extra movies for half term, then remove them a month later. Total flexibility.

It's packed with the latest features too. Not only can you download all the top apps and games on Google Play and get music and movies the moment they drop, but you can also talk to Google to do more on your TV. And you've still got everything you'd expect from a conventional TV Box, including live channels and a catch-up guide – no need to remember to set your box to record.

In short, you get all your favourite entertainment plus a host of tech features for a truly brilliant price. Like we said, it's the TV Hub that's shaking things up.

Want to learn more about what makes our TV Hub the future of TV? This guide has everything you need to know.

SAVING YOU MONEY ON THE TV YOU LOVE.

Rather than being forced into a bundle with channels you'll never watch,
you can spend less by only paying for the content you choose.

And because there's no lengthy contract with TalkTalk, you can simply add and
remove your content and subscription services month by month. No stress.

IT'S STILL GOT ALL THE STUFF YOU LOVE.

Our TV Hub has everything you'd expect from a TV box and more.

OVER 70 LIVE TV CHANNELS

The nation's favourite channels in one place to watch whenever it suits you.

PAUSE AND REWIND LIVE TV

Replay those jaw-dropping moments back or pop out to stick the kettle on. Our TV Hub has got you covered.

NEVER MISS THE SHOWS YOU LOVE

No need to set your TV Hub to record. You can schedule reminders on a 7-day catch-up guide, then watch back any of your missed shows with our On Demand players.

GREAT TV AND SO MUCH MORE.

Our TV Hub is home to all the best subscription services,
including Disney +, NOW, Netflix and Amazon Prime.
Plus, over 10,000 apps to explore on Google Play.

So, you've got everything in one place.
And remember, you only pay for the content you watch.

TALK TO GOOGLE.

You can talk to Google to do more on your TV.
Press the Google Assistant button on your remote and try saying...

“Dim the lights.”

“Turn up the volume.”

“Show me comedies.”

“What’s the weather tomorrow?”

“How’s the traffic to work?”

“Go to home screen.”

“Play Morning Playlist on YouTube Music.”

“Play Stranger Things.”

“Show me my shopping list.”

ADD YOUR FAVOURITE CONTENT AND SUBSCRIPTIONS

All your apps. All your TV. All in one place.

You can add a NOW membership to your basket in 'My Account'. For other subscription services, simply download the app, open and sign up/in.

NOT A TECH WIZ? NOT A PROBLEM.

Don't let any techy terms fool you, our TV Hub is designed for everyone.

4K Ultra HD

Got a 4K screen? Brilliant, this means you can watch your favourite shows in 4K Ultra HD through our TV Hub, with more vivid colours and astonishingly sharp detail. But don't worry if you've not got a 4K screen, you'll still be able to get the best picture available on your current TV.*

Dolby Atmos Sound

Our TV Hub works with Dolby Atmos. So if your TV or soundbar is compatible, you can experience surround sound that fills the entire room around you. Like the kind you get in the cinema.

Wi-Fi enabled

This means that our TV Hub connects to the internet wirelessly, which saves you cluttering up your TV stand with more cables.

Bluetooth remote

No need to have your TV Hub out in the open. It can be tucked away neatly in your cabinet and the remote will still work.

PAUSE. ANY QUESTIONS?

Here are some the most frequently asked questions about our new TV Hub.

How do I record my favourite shows?

There's no need to. Thanks to a 7-day TV guide and flexible On Demand players, you'll never miss a show again. Just catch up at a time that suits you.

What makes the TalkTalk TV Hub better than a Smart TV?

Rather than fiddling with different remotes, you've got one place for everything you want to watch, play and do. From live TV and On Demand players to an ever-expanding universe of apps and games on Google Play.

Do I need a TV aerial to watch Freeview channels?

Yes, you do need an aerial for live channels to work. But you can find Freeview shows on demand through our streaming apps. Some platforms like BBC iPlayer and Demand 5 will even let you watch their channels live.

Can I watch in different rooms?

We don't have a multi-room option available yet, but we're always looking for ways to continue improving our service.

Can I watch on my mobile?

Yes, you can enjoy all your favourite apps on the go. If you choose a NOW Membership with TalkTalk TV, you'll also get a NOW Boost on us. This means you can watch ad-free on 3 devices at once and stream in HD quality.

Do I need a special speaker to watch in 4K Ultra HD with Dolby Atmos sound?

To watch in 4K quality with cinema-standard sound, you'll need a TV that can handle both. But if yours doesn't, you'll still enjoy an excellent viewing experience with the TalkTalk TV Hub.

What if I can't get Full Fibre?

If the TV Hub isn't available on your selected fibre plan, don't worry. The TalkTalk TV 4K box offers all the same flexibility, so you can enjoy TV just the way you want it.

SOUND GOOD?

The TalkTalk TV Hub is available with selected Full Fibre broadband plans.
