General Terms for the supply of Goods and Services

These Terms set out the relationship between you and either Kaba Ltd or dormakaba UK Ltd – the appropriate company being identified on the Quotation.

Such documents can be long and complex but we have tried to keep this to a minimum in two ways:

- We have attempted to use plain English but if there are areas you do not understand; please ask.
- The Terms are divided into Sections: the first applies to all contracts with us (these General Terms) and there are further terms for specific services (Specific Terms). This means that you will only be given those additional terms that apply to your particular contract with us.

1. **Definitions**

- 1.1. So as to be clear, the following words shall have the following meanings:
- Charges:** the charges arising under this Contract;
- Door:** the fire door owned and maintained by you to which the Goods are affixed;
- Contract:** these Terms, any Specific Terms applying to your order, our Quotation and your purchase order;
- Data Protection Legislation:** the Data Protection Acts 1998 to 2018 and the Data Protection Regulation;
- Good Industry Practice:** that degree of skill, care, prudence, foresight, operating systems and practice which would ordinarily be expected of a skilled and experienced supplier engaged in the same or similar type of undertaking as that of the Supplier under similar circumstances;
- Goods:** all physical items listed in the Quotation or ordered by you;
- Group:** your company together with your subsidiaries and holding companies from time to time. 'Holding company' and 'subsidiary' have the meanings given in sections 7 & 8 of the Companies Act 2014 and 'holding companies' and 'subsidiaries' shall be construed accordingly;
- IP Rights:** patents, rights to inventions, copyright and related rights, trade marks, trade names and domain names, rights in get-up, rights in goodwill or to sue for passing off, rights in designs, rights in computer software, database rights, rights in confidential information (including know-how and trade secrets) and any other intellectual property rights, in each case whether registered or unregistered and including all applications (or rights to apply) for, and renewals or extensions of, such rights and all similar or equivalent rights or forms of protection which may now or in the future subsist in any part of the world;
- Location:** the premises where the Goods are to be installed or Services carried out either as specified in the Quotation, or (in the case of Product Sales) as stated on your order, or, if neither, your principal place of business;
- Product Sales:** supply only of Goods with no design or installation Project Services: services that include

- Specific Terms:** those for Installation, Maintenance, Main Contractors and Software.
- Terms:** these General Terms; and

In the event of conflict, the order of precedence shall be Special Terms, Specific Terms and then finally these Terms.
- 2.2. All Quotations are based on these Terms and the relevant Specific Terms being accepted without variation.
