# pextra+ High Security Cylinders

### Patent Protected until 2032

pextra+ (PXP/PXPA) meets EN1303 Key Related Security Grade 6 and is a Kitemark Approved, TS007\* 1-star cylinder that protects against drilling, picking and bumping.

pextra+ features a sophisticated, patented key profile, with a "branch groove". Duplicate keys cannot be made using commercial key milling machines. The optional blocking pin verifies the presence of the branch groove. If the original branch groove is not detected, the blocking pin prevents the key from being turned completely in both directions.

All pextra cylinders have a high level of resistance to picking, bumping and drilling due to a number of antidrill pins throughout the whole of the cylinder and pinning chambers. This puts them among the most secure small lock cylinders available on the market.

# pextra+ Guard High Security Cylinders

### Patent Protected until 2032

pextra+ (PXP/PXPA) Guard break secure lock has been developed specifically to meet the TS007 3-Star\* standard for lock cylinders and has undergone rigorous testing prior to its full approval to the new standard. Many customers refer to anti snap, snap resistant cylinders which is an inaccurate term as the cylinder has been designed to snap but in a secure/ safe manner to ensure even after snapping the cylinder can't be manipulated or overcome even with tools.

To provide a counter measure to, amongst others, the increasing threat of snapping locks, the cylinder itself features several layers of protection. In particular, the cylinder features a sacrificial break slot, which ensures that in the event of the cylinder being snapped, the secure core of the lock is retained within the door preventing forced override of the cylinder.

# General Terms for the supply of Goods and Services

These Terms set out the relationship between you and either Kaba Ltd or dormakaba UK Ltd – the appropriate company being identified on the Quotation.

Such documents can be long and complex but we have tried to keep this to a minimum in two ways:

- We have attempted to use plain English but if there are areas you do not understand; please ask.
- The Terms are divided into Sections: the first applies to all contracts with us (these General Terms) and there are further terms for specific services (Specific Terms). This means that you will only be given those additional terms that apply to your particular contract with us.

1. **Definitions**

1.1. So as to be clear, the following words shall have the following meanings:

**Charges:** the charges arising under this Contract;

**Data Protection Legislation:** the Data Protection Act 2018 and the UK GDPR;

**Door:** a fire door owned and maintained by you to which the Goods are affixed;

**Contract:** these Terms, any Specific Terms applying to your order, our Quotation and your purchase order;

**Good Industry Practice:** that degree of skill, care, prudence, foresight, operating systems and practice which would ordinarily be expected of a skilled and experienced supplier engaged in the same or similar type of undertaking as that of the Supplier under similar circumstances;

**Goods:** all physical items listed in the Quotation or ordered by you;

**Group:** your company together with your subsidiaries and holding companies from time to time. 'Holding company' and 'subsidiary' have the meanings given in section 1159 of the Companies Act 2006 and 'holding companies' and 'subsidiaries' shall be construed accordingly;

**IP Rights:** patents, rights to inventions, copyright and related rights, trade marks, trade names and domain names, rights in get-up, rights in goodwill or to sue for passing off, rights in designs, rights in computer software, database rights, rights in confidential information (including know-how and trade secrets) and any other intellectual property rights, in each case whether registered or unregistered and including all applications (or rights to apply) for, and renewals or extensions of, such rights and all similar or equivalent rights or forms of protection which may now or in the future subsist in any part of the world;

**Location:** the premises where the Goods are to be installed or Services carried out either as specified in the Quotation, or (in the case of Product Sales) as stated on your order, or, if neither, your principal place of business;

**Product Sales:** supply only of Goods with no design or installation Project Services: services that include design, supply and installation of Goods;

**Quotation:** the quotation provided to you by either dormakaba UK Ltd or Kaba Limited;

**Service Recall Period:** Where appropriate be free from defects in workmanship for up to 90 days after completion.

**Services:** all services to be supplied to you listed in the Quotation;

**Special Terms:** any terms set out in writing in the Quotation that vary these Terms or the Specific Terms;
