***National Geographic Quest*, built in 2017, is designed for sailing into fast-moving channels and shallow coves in pan-American waters.**

When she rolled out of Nichols Brothers shipyard and into the bay on Whidbey Island, the 100 guest National Geographic Quest became the third ship in the Lindblad fleet built at this storied Pacific Northwest shipyard. In the 1970s, Nichols Brothers built the twin ships *National Geographic Sea Bird* and *National Geographic Sea Lion*, which continue to sail the waters of the west coast of North America and Central America.

National Geographic Quest was purpose-built to explore the fast-moving channels and narrow straits of Alaska, along the coast of Costa Rica and into the gray whale nursery lagoons of Baja, her design and engineering informed by our nearly 40 years of experience in these regions. Her twin boarding platforms, for example, were suggested by a veteran staffer. Enabling our team to load two Zodiacs at once means guests get off the ship quickly to take advantage of wildlife sightings and maximize exploring time.

National Geographic Quest's shallow draft allows her captain to navigate the same inner reaches and provide intimate "insider" experiences in these charismatic regions. Modern, clean-lined, with large expanses of glass to keep you connected to the extraordinary views, *National Geographic Quest* enables you to see, do and experience the best of her geographies.

Cabin Categories

Category 1

MAIN DECK #301-306

Cabins feature two single beds that can convert to a Queen, a writing desk, two nightstands and two portholes, full length mirror and reading lights.

Category 2

MAIN DECK #307-315

Cabins feature two single beds that can convert to a Queen, a writing desk, two nightstands and two portholes, full length mirror and reading lights.

Category 3

UPPER DECK #201-206

Cabins feature two single beds that can convert to a Queen, a writing desk, two nightstands, a large view window, full-length mirror and reading lights.

Ship Amenities

Public Areas

Reception; main dining area; global gallery; fitness center; lounge with full-service bar and state-of-the-art presentation facilities; observation deck; mudroom with lockers for expedition gear; partially-covered furnished sundeck; plus open access to the Bridge, the Captain, officers and on-duty wildlife spotters.

Meals

Meals are served in the dining room at a single seating with unassigned tables for an informal atmosphere and easy mingling. Menus feature sustainable choices, local where possible.

Cabins

50 outside cabins. All cabins face outside with windows, private bathroom, and climate controls. Cabins are equipped with Wi-Fi, phone, multiple electrical and USB outlets, and phones. Luxury linens and pillows. Botanically inspired shampoo, conditioner, shower gel, and lotion are all available in cabin bathrooms, as well as an Expedition Essential Kit. Hair dryers, complimentary insulated water bottles and a National Geographic Atlas are also available in each cabin.

Expedition Equipment

A fleet of 8 Zodiacs, 24 kayaks, paddleboards; an ROV, hydrophone, splash-cam, underwater video camera, video microscope; snorkeling gear and wetsuits for all guests (where applicable).

Special Features

National Geographic-Lindblad Expeditions certified photo instructor, undersea specialist and video chronicler. Internet access. Elevator. The design of the outside decks—with the perfect wildlife viewing platform. And the way the proximity of the Lounge to the deck gives you instant access to spontaneous sightings. Have your camera ready!

Wellness

A fitness center with elliptical, treadmill, weights, resistance bands; LEXspa treatment room, staffed by wellness specialists.

Self-Disinfecting Ships

ACT Clean Coat™ is a light-activated, self-disinfecting cleaning process that continuously breaks down viruses, bacteria, mold, and airborne allergens across all ship surfaces. Not only does this create a cleaner, healthier shipboard environment for guests and crew alike, but this non-toxic, chemical-free system also saves more than one million gallons of water each year in our cleaning procedures, and reduces our carbon footprint as well as the amount of plastic and waste in our supply chain.
