YOUR WORK LIFE SHOULD BE AS SIMPLE AS YOUR LIFE... LIFE

Your life is now on-demand and the Gig Economy powers much of it. We believe that the way you access digital talent should be just as simple as your favorite ride-share app. With more than 15 years of enterprise experience, Topcoder is the global leader in helping enterprises use crowdsourcing at scale to execute on digital projects faster.

YOU NEED THE RIGHT PARTNER

The Gig Economy has changed the way talented individuals seek and find work, and smart organizations are taking full advantage of on-demand labor, helping them accelerate digital products and services to market.

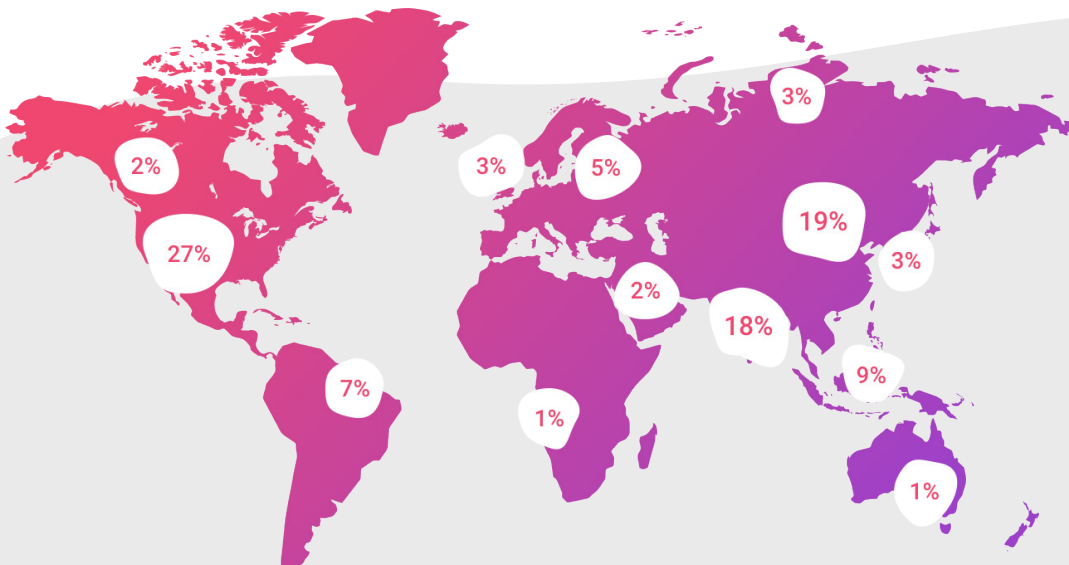

The world we work in has changed and Topcoder is focused on helping you succeed by simplifying how you access and execute with incredible digital talent.

BY 2020, 40% OF WORKERS WILL TAKE PART IN THE GIG ECONOMY

THE NEXT-GEN WORKFORCE INCREASINGLY WANTS FLEXIBILITY RATHER THAN TRADITIONAL CAREERS, AND 1 IN 3 WORKERS IN THE U.S. ARE FREELANCERS.

THE TOPCODER COMMUNITY

Topcoder is home to the world's largest network of designers, developers, data scientists, and quality assurance engineers.

The Topcoder Community includes 1.5 million members from around the world and grows by more than 10,000 members per month through word of mouth.

PROTECTIONS & SECURITY

Topcoder protects customer IP on every transaction—from contractual protections to work atomization to obfuscating client data used in challenges.

MEMBER AGREEMENTS

All community members agree to terms when they join Topcoder and every time they compete. Additional agreements can be enforced.

CLIENT SECURITY

Projects are atomized into small units of work, so members never have visibility into the complete solution or requirements.

CODE SECURITY

All code is peer reviewed and measured against a technology specific scorecard. Submissions are scanned for viruses, security, and compliance.

MEMBER INCENTIVES

Topcoder Community members take their ranking, reputation, and time investment in the community very seriously.

BENEFITS OF TOPCODER

Leading companies—from Fortune 100 enterprises to growing organizations—use Topcoder to access hard-to-find skills and get more digital work done.

HARD TO FIND SKILLS

Topcoder gives you access to a virtually limitless pool of talent that works 24/7, including public holidays.

SPEED OF DELIVERY

Run multiple simultaneous work streams on Topcoder to deliver your technical pipeline up to 3x faster.

GUARANTEED QUALITY

Competition gives you multiple deliverables to choose from, and you pay only for results—not hours.

PRODUCTIVITY GAINS

Topcoder's model requires one-third the number of traditional FTEs to deliver the same volume of output.
