NON-GAAP FINANCIAL AND OTHER MEASURES

In addition to financial measures based on generally accepted accounting principles (GAAP), management uses non-GAAP financial measures to assess the Bank's underlying ongoing business performance. Non-GAAP financial measures presented throughout this document are referred to as "adjusted" measures and exclude amounts designated as adjusting items. Adjusting items include the amortization of acquisition-related intangible assets, and certain items of significance that arise from time to time which management believes are not reflective of underlying business performance. Non-GAAP financial measures are not standardized financial measures are not standardized financial measures of the Bank and might not be comparable to similar financial measures disclosed by other issuers. The Bank believes non-GAAP financial measures are useful to readers in obtaining a better understanding of how management assesses the Bank's performance and in analyzing trends.

Non-GAAP ratios are not standardized financial measures under the financial reporting framework used to prepare the financial statements of the Bank to which the non-GAAP ratios relate and might not be comparable to similar financial measures disclosed by other issuers. Ratios are considered non-GAAP ratios if adjusted measures are used as components, refer to the non-GAAP financial measure section above. The Bank believes non-GAAP ratios are useful to readers in obtaining a better understanding of how management assesses the Bank's performance and in analyzing trends.

Management also uses supplementary financial measures to analyze the Bank's results and in assessing underlying business performance and related trends.

For more information, refer to the Non-GAAP financial and other measures section beginning on page 5 of the Second Quarter 2024 Report to Shareholders, including the Management's Discussion and Analysis (MD&A) for the six months ended April 30, 2024, which pages are incorporated by reference herein. The MD&A is available on SEDAR+ at www.sedarplus.ca.

⁽¹⁾ The Personal and Commercial (P&C) Banking segment impairment charges related to the impairment of the P&C Banking segment as part of the goodwill impairment test performed as at April 30, 2024.

⁽²⁾ Restructuring and other impairment charges resulted from the Bank's decision to suspend the Advanced Internal-Ratings Based (AIRB) approach to credit risk project and to reduce its leased corporate office premises in Toronto, as well as from the simplification of the Bank's organizational structure and headcount reduction. Restructuring and other impairment charges were mainly comprised of impairment charges and severance charges and were included in the Impairment and restructuring charges line item.

⁽³⁾ Amortization of acquisition-related intangible assets results from business acquisitions and is included in the Non-interest expenses line item.

⁽⁴⁾ In 2023, strategic review-related charges resulted from the Bank's review of strategic options aimed at maximizing shareholder and stakeholder value and mainly included professional and other fees. Strategic review-related charges were included in the Impairment and restructuring charges line item.

⁽¹⁾ Credit conversion factor (CCF) refers to the percentage used to convert an off-balance sheet exposure to its credit exposure equivalent.

⁽²⁾ Credit-risk-mitigation (CRM) refers to the attempt by lenders, through the application of various safeguards or processes, to minimize the risk of losing all of their original investment due to borrowers defaulting on their interest and principal payments.

⁽³⁾ To determine the appropriate risk weight, credit assessments by OSFI-recognized external credit rating agencies of Moody's and DBRS are used. Under the Standardset approach, the Bank assigns the risk weight corresponding to OSFI's standard mapping. For most of the Bank's exposures to sovereign and public sector entities, which are predominantly domiciled in Canada, these risk weights are based on Canada's AAA rating. In addition, the Bank relies on external ratings for certain rated exposures, mainly in the bank and corporate class. For unrated exposures, mainly in the retail and corporate classes, the Bank generally applies prescribed risk weights taking into consideration certain exposure specific factors including counterparty type, exposure type and credit risk mitigation techniques employed.

Potential impact on residential mortgage loans and HELOCs in the event of an economic downturn

In accordance with the Bank's credit risk management policies, the mortgage & HELOC portfolios are regularly reviewed to ensure that the level of risk associated with these portfolios remains in line with the Bank's risk tolerance and its strategic objectives. As part of this oversight, the portfolios are stressed to reflect the effects of a potential economic downtum creating a decline in property values. Due to the large portion of insured loans and the relatively low loan-to-value ratio of uninsured mortgage loans, reflecting the excellent quality of the guarantees, the Bank believes that loan losses under such a scenario would remain largely manageable.

⁽²⁾ Including residential mortgage loans secured by one- to four-unit dwellings.

⁽³⁾ Insured residential mortgage loans are mortgage loans guaranteed by the Canada Mortgage and Housing Corporation or similar private mortgage insurers.

⁽⁴⁾ Excluding loan renewals during the period.
