1. Interest rate depends on the payment period selected when you enroll an eligible purchase for an instalment plan and is subject to change. Terms and conditions apply.

Example (for illustration purposes): if you enrol an eligible purchase of \$900 CAD into an instalment plan for a payment period of 3 months, your interest rate will be 5.99%. Therefore, after instalment setup, you will repay \$303.00 monthly, which includes approx. \$9.00 of interest. For more details, refer to the **Agreement Governing the Use of the Laurentian Bank VISA\* Cards** or speak to an advisor.

2. Terms and conditions apply.
3. If you reside outside the province of Quebec, each time you enrol an eligible purchase to an instalment plan, you will be charged an instalment fee of 1.5%, which must be paid on the first statement of account following the enrolment date. The instalment fee won't be refunded if the instalment plan is cancelled.

Simply access your online credit card account, choose an eligible purchase and payment term along with a one-time setup fee and the corresponding annual interest rate tied to the plan. The one-time setup fee is not applicable for residents of Quebec.
