Forward-Looking Statements and Non-GAAP Financial Measures

Caution Regarding Forward-Looking Statements

From time to time, Laurentian Bank of Canada and, as applicable its subsidiaries (collectively referred to as the Bank) will make written or oral forward-looking statements within the meaning of applicable Canadian and United States (U.S.) securities legislation, including, forward-looking statements contained in this document (and in the documents incorporated by reference herein), as well as in other documents filed with Canadian and U.S. regulatory authorities, in reports to shareholders, and in other written or oral communications. These forward-looking statements are made in accordance with the "safe harbor" provisions of, and are intended to be forward-looking statements in accordance with, applicable Canadian and U.S. securities legislation. They include, but are not limited to, statements regarding the Bank's vision, strategic goals, business plans and strategies, priorities and financial performance objectives; the economic, market, and regulatory review and outlook for Canadian, U.S. and global economies; the regulatory environment in which the Bank operates; the risk environment, including, credit risk, liquidity, and funding risks; the statements under the heading "Risk Appetite and Risk Management Framework" contained in the 2023 Annual Report, including, the MD&A for the fiscal year ended October 31, 2023, and other statements that are not historical facts.

Forward-looking statements typically are identified with words or phrases such as "believe", "assume", "estimate", "forecast", "outlook", "project", "vision", "expect", "foresee", "anticipate", "intend", "plan", "goal", "aim", "target", and expressions of future or conditional verbs such as "may", "should", "could", "would", "will", "intend" or the negative of any of these terms, variations thereof or similar terminology.

By their very nature, forward-looking statements require the Bank to make assumptions and are subject to inherent risks and uncertainties, both general and specific in nature, which give rise to the possibility that the Bank's predictions, forecasts, projections, expectations, or conclusions may prove to be inaccurate; that the Bank's assumptions may be incorrect (in whole or in part); and that the Bank's financial performance objectives, visions, and strategic goals may not be achieved. Forward-looking statements should not be read as guarantees of future performance or results, or indications of whether or not actual results will be achieved. Material economic assumptions underlying such forward-looking statements are set out in the 2023 Annual Report under the heading "Outlook", which assumptions are incorporated by reference herein.

The Bank cautions readers against placing undue reliance on forward-looking statements, as a number of factors, many of which are beyond the Bank's control and the effects of which can be difficult to predict or measure, could influence, individually or collectively, the accuracy of the forward-looking statements and cause the Bank's actual future results to differ significantly from the targets, expectations, estimates or intentions expressed in the forward-looking statements. These factors include, but are not limited to general and market economic conditions; inflationary pressures; the dynamic nature of the financial services industry in Canada, the U.S., and globally; risks relating to credit, market, liquidity, funding, insurance, operational and regulatory compliance (which could lead to the Bank being subject to various legal and regulatory proceedings, the potential outcome of which could include regulatory restrictions, penalties, and fines); reputational risks; legal and regulatory risks; competitive and systemic risks; supply chain disruptions; geopolitical events and uncertainties; government sanctions; conflict, war, or terrorism; and various other significant risks discussed in the risk-related portions of the Bank's 2023 Annual Report, such as those related to: Canadian and global economic conditions (including the risk of higher inflation and rising interest rates); Canadian housing and household indebtedness; technology, information systems and cybersecurity; technological disruption, privacy, data and third party related risks; competition; the Bank's ability to execute on its strategic objectives; digital disruption and innovation (including, emerging fintech competitors); changes in government fiscal, monetary and other policies; tax risk and transparency; fraud and criminal activity; human capital; business continuity; emergence of widespread health emergencies or public health crises; environmental and social risks including, climate change; and various other significant risks, as described beginning on page 38 of the 2023 Annual Report, including the MD&A, which information is incorporated by reference herein. The Bank further cautions that the foregoing list of factors is not exhaustive. When relying on the Bank's forward-looking statements to make decisions involving the Bank, investors, financial analysts, and others should carefully consider the foregoing factors, uncertainties, and current and potential events.

Any forward-looking statements contained herein or incorporated by reference represent the views of management of the Bank only as at the date such statements were or are made, are presented for the purposes of assisting investors, financial analysts, and others in understanding certain key elements of the Bank's financial position, current objectives, strategic priorities, expectations and plans, and in obtaining a better understanding of the Bank's business and anticipated financial performance and operating environment and may not be appropriate for other purposes. The Bank does not undertake any obligation to update any forward-looking statements made by the Bank or on its behalf whether as a result of new information, future events or otherwise, except to the extent required by applicable securities legislation. Additional information relating to the Bank can be located on SEDAR+ at www.sedarplus.ca.

Non-GAAP and Other Financial Measures

In addition to financial measures based on generally accepted accounting principles (GAAP), management uses non-GAAP financial measures to assess the Bank's underlying ongoing business performance. Non-GAAP financial measures presented throughout this document are referred to as "adjusted" measures and exclude amounts designated as adjusting items. Adjusting items include the amortization of acquisition-related intangible assets, and certain items of significance that arise from time to time which management believes are not reflective of underlying business performance. Non-GAAP financial measures are not standardized financial measures under the financial reporting framework used to prepare the financial statements of the Bank and might not be comparable to similar financial measures disclosed by other issuers. The Bank believes non-GAAP financial measures are useful to readers in obtaining a better understanding of how management assesses the Bank's performance and in analyzing trends.

Non-GAAP ratios are not standardized financial measures under the financial reporting framework used to prepare the financial statements of the Bank to which the non-GAAP ratios relate and might not be comparable to similar financial measures disclosed by other issuers. Ratios are considered non-GAAP ratios if adjusted measures are used as components, refer to the non-GAAP financial measure section above. The Bank believes non-GAAP ratios are useful to readers in obtaining a better understanding of how management assesses the Bank's performance and in analyzing trends.

Management also uses supplementary financial measures to analyze the Bank's results and in assessing underlying business performance and related trends. Please refer to the Glossary on page 25 of the Second Quarter 2024 Report to Shareholders, including the MD&A for more information about the composition of supplementary financial measures disclosed in this document.

For more information, refer to page 23 of this presentation and to the Non-GAAP financial and other measures section beginning on page 5 of the Second Quarter 2024 Report to Shareholders, including the MD&A for the quarter ended on April 30, 2024, which pages are incorporated by reference herein. Financial Review | Optimizing Funding Structure and Costs

Funding (\$B)⁽¹⁾⁽²⁾

Y/Y Highlights

Total funding decreased by \$1.5B

- Deposits were down \$1.9B
- This was partially offset by a \$0.5B increase of cost-efficient long-term debt related to securitization activities

Q/Q Highlights

Total funding decreased by \$0.3B, aligned with loan volume reductions as well as our previously disclosed objective of gradually reducing the elevated liquidity level

- Personal deposits sourced through the retail channel decreased by \$0.1B
- Strategic partnership deposits decreased by \$0.4B as customers allocate funds back into market activity or term products
- This was partially offset by a \$0.3B increase of cost-efficient long-term debt related to securitization activities
- The Bank maintained a healthy Liquidity Coverage Ratio (LCR) through the quarter, materially above the industry average

(1) Comparative figures have been reclassified to conform to the current quarter presentation.
 (2) Numbers may not add due to rounding.

Financial Review | Other Income

Other Income (\$MM) ⁽¹⁾	Q2/24	Y/Y	Q/Q

Non-interest expenses	\$ 386.3	+112%	+95%
Adjusted non-interest expenses ⁽¹⁾	\$ 186.3	+4%	-1%

Adjusted Efficiency Ratio

Y/Y Highlights

- Reported NIE increased by \$203.9MM and include \$196.8MM of impairment and restructuring charges in Q2
- Adjusted NIE increased by \$7.1MM, mainly due higher regulatory expenses and other costs related to various compliance projects, as well as higher expenses to support the Bank's strategic priorities

Q/Q Highlights

- Reported NIE increased by \$188.5MM and include \$196.8MM of impairment and restructuring charges in Q2
- Adjusted NIE decreased by \$2.2MM, mainly due to lower salaries and employee benefits from the two fewer days in the second quarter, partly offset by higher other non-interest expenses as described above

(1) This is a non-GAAP financial measure. (2) This is a non-GAAP ratio.
