indflydelse – brug dem med
omtanke

TrustBox-widgets

Lad dine kunder tale for dig. Generér mere salg, og øg den gennemsnitlige ordreværdi ved at vise Trustpilot-anmeldelser på dit website, i din markedsføring og alle andre steder, hvor dine kunder kigger.

Hvad er en TrustBox?

TrustBoxe er widgets, der viser dine Trustpilot-anmeldelser, din TrustScore eller din bedømmelse på dit website.

TrustScore 9.9 | 291 reviews

Hvordan fungerer de?

Du kan installere en TrustBox med ganske få klik. Bare kopiér og indsæt en kode-snippet på dit website, så vises dine anmeldelser på sitet i realtid.

Hvorfor skal jeg have en TrustBox?

Vis, at du værdsætter dine kunder, og at de værdsætter dig. TrustBoxe på dit website giver kunder tryghed og booster derigennem tilliden til dit brand og dermed dit salg.

Casestudie

“Trustpilots salgsmedarbejdere sagde, at de kunne hjælpe os med at øge vores konverteringsrate. Vi gjorde os ikke de store forhåbninger, men Trustpilot har overgået vores forventninger. De havde ret, da de sagde, at vi ville få gode resultater, og det beviser vores A/B-splittests.”

Linda Muck,
Digital Marketing & Ecommerce
Manager hos Sugru

Sugru testede TrustBoxe på deres website i 3 måneder, og det resulterede i, at deres konverteringsrate steg med 55 %.

My Doberman has a sensitive tummy

My Doberman has a sensitive tummy and we had tried everything, so decided to try tails I did think expensive but they had an offer on, after first month I realised it was cheaper th... the food I had been buying so stayed, he still had a bit of an upset tummy so contacted tailies and they changed his food to take out what he could have an allergy to, looking good so far looks like we might have found the right food.
