ABOUT

Since it began as Equity Office Properties in 1976 EQ Office, a U.S. office portfolio company wholly-owned by Blackstone's real estate funds, has been continually recognized for its extraordinary workspaces, its reputation as an ethical landlord and its partnerships with industry disruptors.

MISSION

EQ's mission is to help companies attract, retain, and inspire talent by creating effective workplaces. We create spaces for greatness to happen - where people feel welcomed, valued, and inspired to be their best selves with all the conveniences of home and more.

PURPOSE

To build economic health in communities by regenerating urban spaces, preserving local culture and driving humanity into the workplace.

APPROACH

While other real estate owners talk about square footage and floor plans, EQ focuses on the experience — how space feels, activates, and performs. We co-create experiences so people thrive, and partner with business leaders to find, design and manage balanced workspaces that inspire talent.

TEAM

Our diverse team of nearly 200 specialists is responsible for creating inspired office environments in cities across the country.
